**Part one : Comprehension**

Read carefully then answer the questions : ( 6 marks )

We sat on the rocks and ate our lunch. Then we set off again. We climbed higher and higher. After an hour our legs were aching but at last we came to the best place on the whole mountain. It was a huge glacier and it looked like a frozen river of ice. There were lots of other people there too. There was a cave in the ice. There were rooms in the cave and ice furniture. Fred sat on the ice chair and played the ice piano. It was funny!

The last surprise of all was a ride down to the hotel on the little mountain train. We were exhausted but it was a brilliant walk.
