**Part one: Comprehension:**

QI: Read the text then answer the following questions:

China is the third biggest country in the wo after Russia and Canada. It has the largest population of any country. About one and a quarter billion people live there, a quarter of the world's population. It has borders with eleven other countries, including Russia, Mongolia, India and Vietnam. The capital city is Beijing in the north, but the fastest- growing city is Shanghai, which is further south. Until 1997, the southern city of Hong Kong was governed by the British, but now **It** belongs to China again. The Great Wall of China is the biggest and one of the oldest man made construction in the world. It is more 3,000 kilometers long. The Chinese started building it 2.300 years ago. Originally, there were about 25,000 towers on the wall. It is not known why the Chinese built the wall.
